

VPT100 System

The VPT100 is the most popular transportable solution used in schools and community organizations nation wide. The VPT100 has the ability for an interpreter to monitor the presenters directly in her headphone, this greatly enhances concentration and quality of interpretation, in turn the interpreter discretely broadcasts the target language wirelessly to all in the room. This system is easy-to-use and dollar-for-dollar the most comprehensive system available anywhere at this price level.

VPT100 System Includes:

- Compact Monitoring Unit
